Interaction Design Analyst

Shruti Chougule

Dedicated and detail-oriented Interaction Designer with experience across MNCs and startups, working on client-facing and internal enterprise products. Strong team player who also works effectively independently, with excellent listening and learning skills. Brings a human-centered perspective shaped by interests in trekking, social work, and classical dance, and is committed to delivering clear, thoughtful, and impactful design outcomes.

Work Experience

Aug 24 - Jan 26
Accenture | Pune

Interaction Design Analyst (Full-Time)
Worked on both client-facing projects and internal enterprise tools, contributing to interaction design, wireframing, prototyping, and usability improvements. Collaborated with cross-functional teams to deliver scalable, user-centered design solutions.

May 23 - Jul 23
Tata Consultancy Services (TCS) | Chennai

UI/UX Designer (Internship)
Designed a mobile application for the logistics and transportation sector. Contributed to user-centered design, wireframing, prototyping, and experience optimization to improve functionality and operational flow.

Dec 23 - Apr 24
Cashpo (Fintech) | Hybrid

UI/UX Designer (Internship)
Led the UI/UX redesign of a fintech website focused on loan services. Worked on user research, wireframing, and prototyping to improve navigation, accessibility, and overall user experience in collaboration with cross-functional teams.

Jul 22 - Aug 22
BlendED | Online

UX Designer (Internship)
Created visual and graphic design assets for multiple projects. Selected design work featured by Vedantu, reflecting strong usability and visual impact
